Office of the Dewan of Mysore.

NOTE.

Dated 5th March *191* 9.

12449.

1) Since the introduction of the Judicial Reform Scheme creating Special Magistrates' Courts, Government have no information how the Scheme is working.

2) As 3 months will elapse by 31st March next, a Statement of Disposals and pendency in the new Magistrate Courts, 1st and 2nd Class, may be called for through the District Magistrates. Also a circular order requesting them to carefully check calendars may issue.

3) I presume they have still to do this work and I fear their interest in this work has slackened.

4) Any change that may be desirable in the procedure regarding Calendars, reviewing pendency, etc., may also be considered. It is very desirable that the check should be more vigorous than ever.

5) If the First Member of Council sees no objection, suitable action may be taken.

A single order will do on the following lines:-

In order to enable Government to have information periodically from time to time as to the working of the new scheme, the District Magistrates of Districts into which the scheme has been introduced will be requested to obtain from the presiding officers ~~of each~~ of the New Courts quarterly statements showing in separate cloumns the number of cases (x) instituted during the quarter, as well as those if any pending at the end of the quarter preceding; the number disposed of; the number pending, showing separately those pending for over two months with explanations as to pendency in each such cases. Similarly as to appeals. The Statements for the various Courts should be obtained within a week of the expiry of each quarter and submitted within the week following by the District Magistrates - with brief comments to the Chief Court, which may be requested to forward the statements, with any remarks of the Judges, to the Government for information before the close of the month.

Government consider it important that the calendars of the Magistrates under the New Scheme should be carefully scrutinised and any tendency to grant unnecessary adjournments or otherwise protract disposals of cases watched and checked. They

(x) to be arranged under the usual main heads (offences against person, property etc. etc) Vide Administration Reports.

CHIEF COURT OF MYSORE,
Bangalore, dated 4th October 1919

From

The Registrar of the Chief Court Of Mysore,
B a n g a l o r e.

To

The Chief Secretary to the Government of Mysore,
B a n g a l o r e.

S i r,

Adverting to para 5 of G.O. No.G. 22693-5 Cts. 216-182 dated the 5th April 1919, calling for a special report as to the working of the scheme for the separation of Judicial and Executive functions in the Bangalore and Shimoga Districts - during the six months ending the 30th June 1919, I am directed to furnish the following particulars:-

2. A comparative statement is appended showing, separately, for the ordinary Magisterial Courts prior to the introduction of the scheme and for the newly established Special Magistrates' Courts, the total number of cases for disposal and the number actually disposed of during a period of six months each. It will be seen therefrom that the introduction of the scheme has not as yet had any marked effect either upon the institutions or upon the disposals. As against 1357 cases in the Bangalore District and 515 cases in the Shimoga District disposed of by the ordinary courts during the first six months of the year 1918-19, the special courts of those Districts have disposed of 1133 and 525 cases respectively during the last six months, a result which, considering the smaller number of these courts, may be regarded as not unfavourable to the latter.

3. The criminal file of all the courts has been such as to provide sufficient work to keep them fully engaged. It is particularly heavy in the cases of the second class Magistrate's court of Shimoga, pointing to the need for affording it some measure of relief in the near future. The District Magistrate of Shimoga will be instructed to submit proposals for this purpose after considering the statistics for the next two quarters also.

4. Judging from the explanations as to pendency furnished from time to time, as well as from a perusal of calendars and an examination of the records of ~~the~~ cases that come up before the Chief Court in appeal and revision, there is no reason to think that adjournments are granted otherwise than on proper and satisfactory grounds. Judgments and Orders appear in the generality of cases to be delivered with promptitude. The quality of the work turned out, in so far as it has come under the notice of the Judges, has as a rule been fairly satisfactory; much depends naturally upon the capacity of the presiding officers, and these have not been long enough in their present places to warrant a more decided opinion being expressed at this stage. District Magistrates report that calendars of cases disposed of by the Special Magistrates are being regularly received and carefully scrutinized and checked.

5. The question of accommodation is a pressing one requiring early attention. The District Magistrate of Shimoga reports that all the three courts in his division are inconveniently situated in this respect, the accommodation provided being both unsuitable and insufficient; and, similarly, the District Magistrate of Bangalore considers that the building in which the second class Magistrate's Court at Closepet is located is too small.

In G.O. no. 19862-3 Ch 132-18-9 R 7-3-19 Flag V.

6. A separate Prosecuting Inspector is found to be necessary for the Court of the Special Second Class Magistrate at Shimoga

MM.

In this connection, I am desired to invite attention to the remarks of Mr. Justice R.B. Plumer on the subject in his notes of Inspection of the Special First Class Magistrate's Court, Shimoga, (Vide this Office D2 Dis No. 73 of 1919-20 dated 16th July 1919.) Ch 16-19-

This file has been circulated to the members with the further request called for a case in the Special Magistrate's Court

G.O. No. J 4550-4600 Ch. 312-12-1 & 10-5-19 Flag W.

7. It has been represented that the establishment - clerical and menial - provided for some of the special Magistrates' courts are inadequate and require strengthening. The question of their revision may, if the Government agree, be taken up as a general one and dealt with at the end of a year of operation.

8. In conclusion, I am to state that the experience so far gained of the working of the scheme of separation has been encouraging and justifies the hope that its extension to the remaining Districts of the State, coupled with a gradual increase in the number of courts and a careful selection of presiding Magistrates, will materially enhance the efficiency of the Criminal administration.

I have the honour to be,

S i r,

Your most obedient servant,

M Srinivasengar
